 - Wednesday, October 28, 2026 | 10:00 a.m. ET – General Hotel Registration Opens
-

Program Overview

The **General Hotel Program** is the standard housing program for teams participating in the Capitol Hill Volleyball Classic that are not enrolled in the Loyalty Program. All hotel reservations must be made through the Event's official housing provider, THS, at Tournament Approved Hotels.

The General Hotel Program is designed to provide teams and their families with a wide selection of hotel accommodations while supporting the Event's Stay & Play housing requirements. Teams may reserve individual or group reservations to satisfy the required minimum room nights, subject to hotel availability and all applicable housing policies.

Submitting hotel reservations through THS does **not** guarantee acceptance into the tournament. Teams must be accepted through SportWrench and remain in compliance with all tournament and housing requirements.

Program Eligibility Requirements

To remain eligible for tournament participation through the General Hotel Program, each team must meet the following requirements:

1. Teams must be registered for the tournament and have paid their entry fee through SportWrench before making hotel reservations.
2. Each team must reserve a minimum of **18 room nights** (6 rooms × 3 nights) at Tournament Approved Hotels through THS.
3. All room nights must be associated with a single USAV club code within the housing application.

4. Each team is responsible for securing and maintaining its own hotel reservations. Club hotel blocks are not permitted within the General Hotel Program.
-

Program Guidelines

- All reservations must be made through the Event's official housing provider, THS, at Tournament Approved Hotels.
 - Individual and group reservations both count toward a team's minimum room-night requirement.
 - Teams may reserve up to **15 rooms per night**. Requests exceeding 15 rooms require prior approval from THS.
 - Teams are not required to stay at a single hotel. Reservations may be made at multiple Tournament Approved Hotels to satisfy the minimum room-night requirement.
 - Some downtown hotels may require a minimum three-night stay.
 - Rooms may be occupied by anyone affiliated with the team, including players, parents, coaches, family members, or other supporters.
 - Local teams are welcome to utilize the General Hotel Program to access Tournament Approved Hotels and negotiated event rates.
-

Housing Compliance

To maintain tournament eligibility, teams must remain in compliance with the following housing requirements:

- Teams that fall below the required minimum room nights may lose their tournament acceptance status.
 - Reservations made outside the official housing program, including those booked directly with hotels or redeemed using hotel reward points, will **not** count toward the team's room-night requirement.
 - Each reservation must be associated with the appropriate team.
-

Housing Assistance

THS representatives are available to assist with hotel reservations and housing questions.
