 - **Wednesday, October 28, 2026 | 10:00 a.m. ET** – General Hotel Registration Opens
-

Program Overview

We recommend athletes plan to share hotel rooms with their family members rather than with teammates, if possible. As a parent, booking a room helps your athlete's team receive credit towards acceptance into the event by enabling your team to reach the minimum room night requirement. Please understand your team is counting on this reservation, and cancellation may affect the teams' acceptance status and ability to participate. Noncompliance fees may apply for the team to remain in the event if rooms are canceled.

Program Eligibility Requirements

- For your room to be added to your athlete's team room night requirement, it must be assigned to your athlete's team.
- When making a reservation, you will be prompted to select your club's name and the team your athlete is playing on.
- If your club and team name do not appear, the club has not entered the event and paid the entry fee in SportWrench.
- Remember, your athlete's team is counting on parents to make reservations through our hotel partner (THS) at an approved tournament hotel.
- Reservations made using reward points or outside the housing block will not be counted towards the team's room-night requirement.
- Individual and group rooms can be applied towards a team's required minimum room requirement.
 - Each team must book a minimum of 18 room nights (6 rooms for 3 nights)
- Falling below the minimum number of rooms will cause your team to lose acceptance status.

- Cancellation of your reservation at any point prior to the event may result in the teams' ability to participate.
- Noncompliance fees, to be determined by tournament directors, will be levied on the team in order to regain acceptance status.

Program Guidelines

Booking a hotel reservation does not automatically guarantee entry into the tournament. Please check SportWrench for your team's acceptance status into the event.

Housing Assistance

THS representatives are available to assist with hotel reservations and housing questions.
